

2018 MCBC CAMPING SCHEDULE

The 2018 MCBC monthly camping trips scheduled for May through October are usually for Sunday through Friday except September and October, which are Monday to Friday. There are at least 3 to 4 days of rides of 20 to 50 miles or other activities planned for each trip. Canoeing, kayaking and hiking are often available, as well as cultural events or attractions and shopping. Contact the hosts for the trip to get more information and to let them know you are planning to attend. Maps, cue sheets, pot luck info and final details are usually only provided to those who plan to attend via e-mail. Non-camping and non-riding members are encouraged to join in on the trips at nearby motels, which can be found on the internet or from the hosts. Web sites for each campground have additional information and directions. Thirty-two members participated last year, with more at the campgrounds than the motels, so don't miss the good times, great food and beautiful scenery.
